# Welcome to Nantucket

J Pepper Frazier Company welcomes you to Nantucket Island. Known the world around for its quintessential beauty and timeless charm, you now find yourself thirty miles out to sea, at a place unlike any other. Previously named “Best Island in the World” by National Geographic, Nantucket is a confluence of historical tradition, outdoor adventure, and a forgotten lifestyle of sweet simplicity. We know you will enjoy your time on island as much as we do.

# Your Nantucket home away from home

## **CHECK IN: 3:00PM**

Please be mindful that in most cases, previous tenants have recently vacated the property. The window of time for the cleaning company to prepare between parties is utilized in full, so please do not arrive early unless arrangements have been approved in advance.

## **CHECK OUT: 9:00AM**

Please check out of your rental property on time. The cleaning company is scheduled to arrive as early as 9:00AM on the day of your departure to inspect and clean the house for incoming guests. Please leave the house unlocked for the cleaning crew when you leave.

**PROPERTY CONDITION:** It is important to make sure that the property is left in the same condition as it was found. Nantucket cleaning companies typically charge between \$35–\$45 per hour, per person, therefore it is in everyone’s best interest to help expedite the cleaning process. A few ways you can help reduce the cost of cleaning are:

- Strip the bed linens and start the laundry process
- Dispose of open food items in the refrigerator
- Sort recycling and trash into their designated bins outside
- Wash or place dirty dishes in the dishwasher and start the cycle
- Replenish paper goods and cleaning supplies as needed

The more you can do to assist in the cleaning process of your rental property, the more likely you are to reduce the cost of the cleaning service. If you have left the house cleaned, linens washed, and beds made, please leave a note for the cleaning service so efforts are not duplicated. The cleaning service is ultimately responsible for using their discretion and prior experience to leave the property cleaned and prepared for the next tenants.

**RECYCLE:** The Nantucket Landfill goes to extraordinary lengths to recycle and handle waste disposal. The most recent cell developed at the Landfill is set to last the island community at least a decade – let’s make sure to help the effort! The recycling program, established in 1996, and the clear garbage bags mandate, established in 2000, are both mandatory. Clear garbage bags should be provided for your use at the rental property. Rubbish removal companies will not accept trash that has not been sorted and will charge an additional fee if it is unsorted and/or not accessible on the designated pick up days.

**BBQ GRILLS:** If you’ll be using a propane gas grill during your stay, please be sure to close the nozzle on the propane tank after every use. If you empty a tank, you may either call the caretaker of the property or exchange it at Stop n’ Shop for a full tank.

**PROPERTY KEYS:** Keys to your rental property were left for you at arrival. At the end of your stay, please return all keys to the J Pepper Frazier Company downtown office at 19 Centre Street. Please use the mail slot if you return the keys after business hours.

**IMPORTANT CONTACTS:** Your agent has left a personalized note with important phone numbers, including caretakers and cleaning companies. If you come across a house-related issue, please contact the caretaker, your JPFCO agent, or the office at (508) 228-3202.

**PLANNING AHEAD:** If you are interested in booking your 2025 rental or would like to view sales listings while you are here, please contact your JPFCO rental agent, they would be happy to show you what is available!

## LIGHTHOUSES

Nantucket has 3 working lighthouses, each with their own distinct look and history.

### Brant Point Light

Established in 1764, this was the second lighthouse erected in Colonial America. Located on Easton Street, Brant Point Light both welcomes and bids adieu to visitors and locals alike traveling on the ferries. Toss a penny over your shoulder when you round Brant Point headed to Hyannis and you are sure to return.

### Great Point Light

Officially called Nantucket Light, Great Point was first built in 1784. Located on a thin split of beach where the Atlantic Ocean and Nantucket Sound meet at the Coskata-Coatue Wildlife Refuge, the current Great Point is actually the third structure in the light's history.

### Sankaty Head Light

Built in 1850 and located at the easternmost point of the island, Sankaty Lighthouse is a true Sconset gem. Moved from its original location in 2007, Sankaty stands watch over the acclaimed Sankaty Golf Course and the bluffs of the eastern shore.

# Getting Around

Bikes are a great way to get around on Nantucket with 35 miles of paved paths throughout.

Public transportation is available year round by WAVE shuttle bus (free of charge through September 31st). Taxi's are always an option and Uber & Lyft are easily accessible.

# Your Nantucket Bucket List

- Try a Watermelon Cream at The Juice Bar.** What sounds like an odd combination is actually one of the greatest desserts on island.
- Have dinner at Millies** and take in a Madaket sunset.
- Visit Altar Rock.** You can even bike there if you're feeling especially adventurous. Make sure to pay close attention to the terrain, you may just stumble upon a Native American arrowhead!
- Drive out to Great Point Lighthouse.** Let the air out of your tires and hit the sand – driving! This drive boasts some of the most stunning views of the island and almost guarantees a seal sighting or two!
- Go whale watching.** There are several tours on island so select one that accommodates your schedule and get ready to be amazed.
- Have a picnic at the Oldest House.** Mobile order your lunch from nearby Something Natural and enjoy on the lawn at the island's oldest property.
- Spend an afternoon picking strawberries at Bartlett's Farm. Yum!**
- Go for a round of golf and finish with lunch on the patio at Miacomet.** A year-round staple for a reason, an afternoon at Miacomet is always a relaxing way to make the very most of a sunny day.
- Stargaze on the beach.** You really can do it from anywhere on island, but the sound of waves crashing elevates the experience to a must-do.
- Enjoy a night out at The Chicken Box.** From DJ nights to live shows, there is never a bad time to head to the Box for a night out guaranteed to keep you smiling.
- Spend an afternoon at Cisco Brewery.** With kids and dogs welcome and some of the best food trucks on island, an afternoon at the biergarten-style brewery is always a good idea.
- Walk to Sconset Bluff.** Stop at Claudette's for a coffee and cinnamon twist before you walk to make this the perfect morning exercise to start your day.
- Buy a piece of official Nantucket Red merch from Murray's Toggery.** From pants, shorts and skirts to button-ups, hats, and even overalls, you're hardly an official Nantucketer until you've donned the cranberry colored clothing.
- Grab a mudslide at the Gazebo.** The first place to go when you get off the Hy-Line and the essential last stop, there's nothing that compares to a Gazebo mudslide.
- Snag sandwiches from Something Natural** and enjoy outside at their shaded picnic tables.
- Take a Nantucket Ghost Walk tour.** We're not convinced that the ghosts are real but the history of some of Nantucket's most stunning town properties makes this evening activity a hit with the whole family.
- Get your tickets ahead of time and head to the Nantucket Dreamland's drive-in for a movie under a starry Nantucket sky.**
- Thrift away at the Nantucket Hospital Thrift Store.** If you've spent time at the Hospital Thrift shop before, you know there can be some pretty incredible items hiding on the shelves.
- Spend a rainy afternoon at the Nantucket Whaling Museum.** The kids will love the gigantic whale skeleton and adults will appreciate some rainy day entertainment.
- Bike to Surfside Beach on the bike path.** Head on out to this south shore, tourist favorite beach for incredible waves and the best hot dogs on Nantucket.
- Grab a partner and hike Nantucket Conservation Foundation's Coast to Coast Trail** and explore the island! Download the app at [acktrails.com](http://acktrails.com)
